LET'S

The modern museum

Empowering extraordinary museum experiences around the world

CHRISTIE®

ATTRACT THE NEXT-GENERATION OF VISITORS

Give your regulars more reasons to return

Display technology is transforming the way people experience museums. From dynamic digital signage and exciting immersive exhibits to interactive activities and large-scale, one-of-a-kind experiences, innovative display and processing technologies allow museums to reinvent themselves in extraordinary ways.

✓ Christie solutions help deliver a fantastic exploratory journey through time and space at the Shanghai Astronomy Museum.

Partners: Wincomn Technology, Zhongqing Yingye Group, Marvel Vision.

"Christie's cutting-edge hardware and software has proved transformational in allowing us to realize the vision of the outstanding artists we commission. Thank you for your ongoing support."

Sir Nicholas Kenyon,
Managing Director, The Barbican

Complete, integrated solutions

Christie® offers an incredible range of advanced display and processing products to meet any museum application or budget and the industry's most knowledgeable experts and partners who are ready to help bring your vision to life!

^ Powered by Christie projectors, Pandoras Box media servers and players, and Terra transmitters and receivers, the National Museum of Korea's Immersive Digital Gallery immerses visitors in mesmerizing 8K resolution content displayed on an ultra-wide panorama screen.

Partners: Star Networks, MOFAC

HIGH-PERFORMANCE DISPLAY SOLUTIONS FOR ANY BUDGET

Focus on affordability

Our range of affordable display and processing technologies offer all the reliability, performance, and quality synonymous with the Christie® brand in budget-friendly options.

- › [Access II Series large-format LCD displays](#)
- › [Extreme and Ultra Series LCD video walls](#)
- › [Inspire Series 1DLP® laser projectors](#)

Balance between performance and price

Think big without blowing the budget and achieve the right balance between performance-driven technologies and an attractive cost of ownership.

The trusted name for advanced display technologies

We design Christie® technologies to be easy to install, use, and maintain, no matter your level of technical knowledge. Long-lasting, reliable, and backed by the best support and warranties in the industry, you can trust that your Christie solution will delight museum visitors now, and into the future.

The support we promise is the support we deliver

From dynamic video walls and immersive exhibits to large-scale, one-of-a-kind experiences, you can count on Christie Professional Services to safeguard your investment and ensure the highest quality visual experiences. Working alongside our extensive global partner network, we provide a tailored service-based approach to meet your unique project requirements. Whether you need immediate technical support, reliable onsite services, or extended parts coverage, we're always ready to support you.

Ready to see more immersive and engaging installations?

Let's go!

◀ Shanghai Astronomy Museum: 40 Christie laser projectors are deployed across 12 galleries in the three main exhibition zones titled *Home*, *Cosmos* and *Odyssey* which lead visitors on a tour around the solar system, faraway galaxies and even black holes. Pandoras Box® Software and Widget Designer real-time video playback and processing help bring the content to life.

Contact us today so we can collaborate with your team to determine the best product mix for your budget and environment.

^ Materia museum, Sinaloa Science Centre, Mexico: With over 70 million pixels projected by eight Christie 4K, 30,000-lumen projectors, the museum's immersive and interactive exhibit is unique in Latin America.
